

Breaking the Chains of Poverty Through Education, Housing, and Healthcare

September 20, 2023

To Whom It May Concern:

I am the Program and Sponsorship Coordinator for The GOD'S CHILD Project in Minneapolis, Minnesota and recently had the pleasure to work with Anirudh Bargur on a Salesforce competition with The University of Texas at Dallas.

Anirudh was the Salesforce Project Manager and after completion, won a well deserved 1st place and best performer! I found Anirudh to be very detailed orientated, asking probing questions to fully understand our unique needs and the issues we were facing using Salesforce as a non-profit. The areas of concern included automated emails, surveys, snowbird addresses, and potential social media integration.

During the project, we were impressed by the problem-solving skills and the ability to approach the solutions as an end-user. It shows the care and concern that went into the research of the issues and potential solutions. We are currently exploring the implementation of their proposal.

Based on these experiences, I would highly recommend Anirudh for consideration for any project or position. Please feel free to reach out to me directly with any questions or if you require additional information.

With gratitude,

Alyza Streeter
